

Side Entry Swim Spa Step Assembly Guide January 2017

Locate 1st step tread – it has the post pocket

Install post using 3 ea carriage bolts, washer & nut – securely tighten

Slide next larger tread into place, flush outside edges & install screw from back side into 1st tier

Repeat for 3rd & 4th tiers.

Position platform adjacent to step assembly

Install 5/16 x 6 bolt from inside of platform to top tread

Install handrail between posts
